### JAMMING

Jamming is a Spotify playlist builder app that allows users to search for songs, create playlists, and save them to their Spotify accounts. Key features include:

- Song Search
- Playlist Creation
- Spotify Integration

Technologies Used: React, Spotify Web API

## WORK EXPERIENCE

PRODUCTION ADMINISTRATOR

### City of Grace

2021 - Current

- Managed a large budget for the creative department, ensuring on-time and on-budget project completion.
- Cultivated positive relationships with team leaders across nine venues, fostering a high-quality production culture.
- Led equipment training sessions for over 50 team members, optimizing Sunday production processes and improving audio, video, and lighting quality.
